

# Kapco Air Release Translucent

*SOL/CALTRANS/XXARP*

Kapco Air Release Translucent is the easy-to-install solution for vibrant backlit signage. Combining premium Printable Calendered Translucent Vinyl with Air Release adhesive technology, it enhances illumination while reducing installation time. Its clear adhesive-backed design creates bold, eye-catching displays, whether used alone or layered with white translucent backing. Proudly made in the USA and compatible with multiple ink types, it's a durable, cost-effective choice for professional results.
